

McNair Conferences

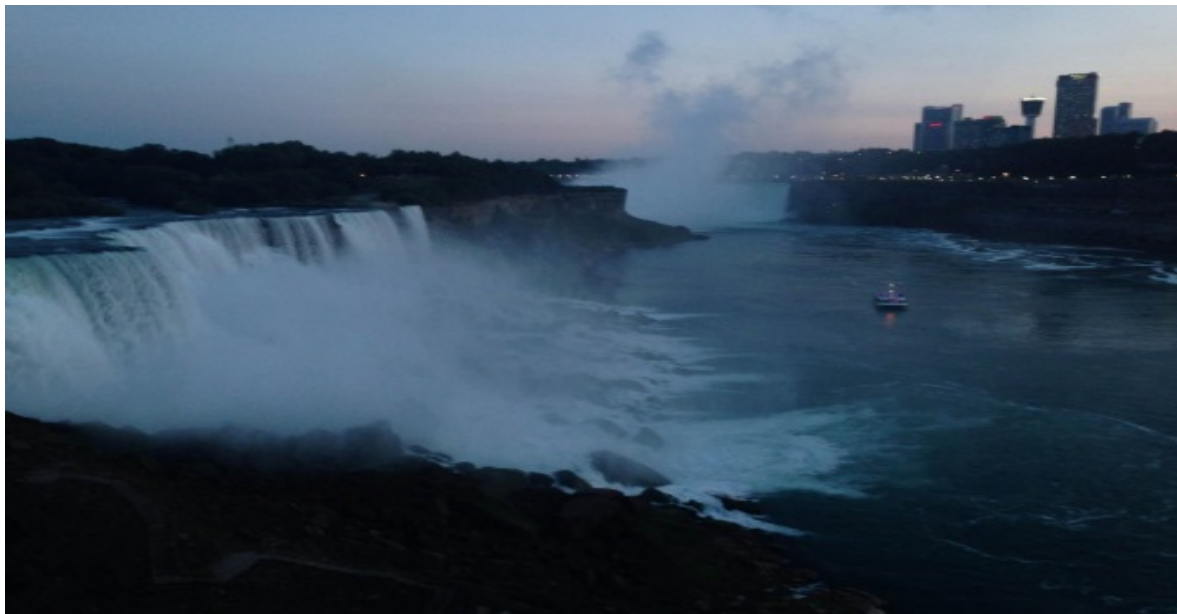

In June 2014 Second-year Scholars attended the Annual Atlanta Conference and in July 2014 Second-year Scholars attended the Annual Buffalo Conference. These events provided an opportunity for our Scholars to present their research proposal and receive feedback from their audience. As always, the research topics were engaging and timely and the questions from the audience were lively.

Dominika Szybisty presenting her research at the Atlanta Conference.

Liudmila Shapoval presenting her research at the Atlanta Conference.

A trip to Niagra Falls following the Buffalo Conference presentations.
