The State of Blockchain Systems

Evin McMullen PhD
Consensys

Date: Tuesday, May 8, 2018

Time: 1:40 – 2:50 pm

Math & CS Dept. Conference Room, 6.63.37NB

Abstract

Consensys is a Brooklyn based startup that has made large contributions to smart contract programming on the Ethereum platform. Evin McMullen is involved with a subsidiary project called Linea which focuses on secure distributed storage of private information such as medical records. She will speak about the state of blockchain systems and some specific projects at Consensys.
